Education

Shrewsbury International School

2004-2012

Assumption College Thonburi

Sciences-Math, 2013-2020

Chulalongkorn University

Bachelor of Arts and Science in Integrated Innovation, 2021-Present

Summary

Bilingual third year student. Aspiring startup entrepreneur and full stack developer third year student. Experienced in startups and computer science.

Experiences

Startup (CTO) 2020 - Present

Created and worked on over 10+ startup ideas in BAScii in the following fields: Fintech, Ecommerce, Civiltech, and much more

We learnt a lot about ideating and validating startups, developing prototypes and business plans, and knowledge about the fields itself.

Computer Science

Personal Portfolio Website

I utilized what I learnt about web development by making my very own website using HTML, CSS, and Javascript

More about my experiences and other projects on my website!
